PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index, For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index. For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index, For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index, For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index. For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

PREFACE

The Indian National Bibliography is a classified record of current Indian publications in fourteen major Indian languages including English received under the Delivery of Books Act, in the National Library, Calcutta. It has been in the service of librarians, research scholars, publishers and booksellers and those who are interested in the book world for the last 30 years. During these years, it has undergone vicissitudes of fortunes with its initial regular appearance slowing down later to the extent of minimising its active role as a significant book selection tool.

In 1958 this National Bibliography, the product of the Central Reference Library, Calcutta, made its appearance as a quarterly with annual cumulations till 1963. The periodicity was changed to monthly from January 1964, with annual cumulations. The monthly issues had to be suspended after 1977 forced by the circumstances beyond the control of the Central Reference Library.

But at the same time persistent efforts were made to restore the periodicity to monthly as in 1964 and to revive its services to its clientele. This revival of the monthly issues was possible only from January 1984. Accrodingly, all the monthly issues of 1984, 1985 and 1986 have already been published. Steps have been taken to expedite the printing of the monthly issues of 1987 and 1988. Every efforts are being made to clear the back logs and to make the Indian National Bibliography as up-to-date as possible.

Arrangement

This Bibliography is in three parts—classified, author and title index and subject index respectively. In the calssified section entries are arranged by subjects according to the 16th edition of Dewey Decimal Classification scheme. Full bibliographical information about each title is given in the following order: the class number, the author's name, the full title, the place of publication, the publisher, the year of publictaion, the number of pages, the nature of illustration if any, the size, the nature of binding, the price, note on series and annotations where necessary and Colon Classification number at the right hand corner below each entry. Names of authors and titles of books in all the Indian languages are transliterated into Roman script with diacritical marks and then arranged in one alphabetical order under each class. The language of the book is indicated by symbol given at the left hand bottom corner of each entry.

Author and Title Index

If the author of the book or the title is known, look under the name of the author or the title in this part of the index. For full bibliographical details of a book refer to the calssified part by means of Dewey Decimal Classification number given at the end of each author entry in the index.

Subject Index

To find out books on a particular subject, first locate it in the Subject Index which is separately printed after the Author and Title Index and then refer to the Classified part by means of the Dewey Decimal Classification number assigned against each of the subject entries.

The abbreviations and the language symbols used in the Bibliography with their expansions are given separately.

580—BOTANICAL SCIENCES

Nāyar, M. P., *ed.*
Network of botanic gardens. Calcutta, Botanical survey of India, 1987. xii, 272p. maps., (col) photos, (col) 25cm. Cb. 460.00.
Bicentenary vol. of Indian Botanic garden.
(E) I

581—Botany

581.2—Plant Pathology

ʻAlī, S. S
Plant pathology, by S. S. Ali and Prīti Kulshrestha. Raipur, Adeeb educational, 1986. xiv, 254p. illus., tables, bibliog. 21cm. Cb. ( ).
(E) I:2:4

581.6—Economic Botany

581.634—Medicinal Plants

581.634(1)—Forskolin. *Conferences*

International Symposium on Forskolin : its Chemical, Biological and Medical Potential, *Bombay,* 1985
Proceedings, ed. by R.H. Rupp, N. J. De Souza and A. N. Dohadvalla. Bombay, Alfredo Borges, June 1986. viii, 191p. photos, bibliog. 24cm Cb. ( ).
(E) I(J)p44N85

582/589—Systematic Botany

582—Seed Plants

582.(1)—Physiology, Reproduction

582.(1)—Pollination

Kapil, Rajendrapal, 1930—
Pollination biology—an analysis. New Delhi, Inter India, 1986. xxviii, 300p. illus., diagras., tables, bibliog. 22cm. Cb. 245.00.
(E) I,178:3

590—ZOOLOGICAL SCIENCES

591—Zoology

591.5—Animal Ecology

591.5072—*Researches*

Central Marine Fisheries Research Institute, *Cochin*
Theorems of environmental adaptation. Cochin, 1986. viii, 50p. tables, bibliog. 22cm. ( ).
(E) K:50fr

596—Vertabrates

Bandyopādhyāy, Vivekananda
A text book of vertebrate zoology. 3rd ed. Patna, Bharati bhawan, 1987. viii, 377p. illus., 25cm. 45.00.
(E) K9

599—Mammals

Acyutanuṇṇi, C.
Bhāram vahikkunna kūnanmārum sarkkassukāran rājāvum. 2nd ed. Kottayam, Vidyathimitram, Oct. 1986. 42p. 18cm. 5.00.
For children.
(M) K97

600—TECHNOLOGY AND USEFUL ARTS

610—Medicine

610.2—*Hand Books*

Hand book for G. P. Pune, Cosmos publications, Oct. 1986. 256p. tables. 25cm. Cb. 100.00.
(E) Ly8

612—Physiology

612.6—Reproduction, Sex

Rosalind Ceriyān
Ammē ñān eviṭannu vannu, by Rosalind Ceriyān, J. Bharaṇaññānam and Thomas Tōppil. 4th ed. Alwaye, Family life books, June 1985. 96p. 18cm. 6.50.
(M) L:967

613/614—Hygiene

613—Personal Hygiene

Wattles, Wallace D.
The science of being well. Bombay, D. B. Taraporevala, 1986. 155p. 18cm. 38.00.
(E) L:57

613.1—Environment and Health

Lāhiḍī, Salil
Paribeś bhābna. Calcutta, Model pub., Jan. 1983. x, 110p. illus., diagrs., tables., 25cm. Pb. 15.00.
Reprint. First pub. Oct. 1982.
(B) L:55

613.2—Dietetics

Iḷanākan, Madurai
Anrāṭa uṇavil vaittiyam. Madras, Tamizhkkadal, Dec. 1985. 329p. 18cm. 30.00.
(T) L:573

CC-0. In Public Domain. Gurukul Kangri Collection, Haridwar

Digitized by Arya Samaj Foundation Chennai and eGangotri

613.2—Dieteties—contd.

Sarmā Pradyumna
Kyā khāeṁ, by Pradyumna Śarmā and Induśekhar Pañcolī. Ajmer, Archana prakashan, 1987. 28p. 18cm. 2.00.
(H) L:573

613.7—Rest and Exercises

613.71—Exercises

613.71(1)—Yogic Exercises

Pānse, Keśav Viṭhṭhal, 1915—
Yogātūn arogya āṇi roganivāran. Pune, Utkarsha prakashan, Mar. 1985. xii, 91p. 22cm. 20.00.
(Ma) L:572

613.9—Hereditary Factors and Health

613.94—Eugencis

613.943—Birth Control

613.9430954—*India*

Bernand, Catherine
A method of planning the Indian family. Tiruchirapalli, Tamil Nadu family development centre, June 1982. xxiv, 92p. 22cm. ( ).

Gloss.
